

Business Profile

Established in 2005 Cuttlefish is a growing pharmaceutical company that provides manufacturing expertise to the pharmaceutical, biotechnology and healthcare sectors.

Cuttlefish has proven experience in outsourcing and cost reduction.

Our customer base includes small and medium sized companies as well as global organizations.

We hold MHRA and VMD wholesale dealer licences.

Business Development

Cuttlefish welcomes all enquiries regarding manufacturing outsourcing. We can manage projects from feasibility to product supply doing as much or as little as the customer requires.

We are also actively looking for product acquisitions of mature, niche pharmaceuticals. If product owners are looking to divest parts of their portfolio then we would like to find out more.

Healthcare Sectors**

Pharmaceutical Outsourcing

Cuttlefish has a proven record in pharmaceutical outsourcing. With a growing portfolio of outsourced products under our management Cuttlefish can provide as much or as little support as you require. We have experience of multiple product transfers and we work with a wide range of dosage forms. A zero fee structure is considered if no suitable facility is found.

Services

For organizations looking to review capacity and reduce cost Cuttlefish provides manufacturing outsourcing services to manage product transfers.

Supplier selection to full supply chain management is available dependent on the requirements of the customer.

All technical, quality and regulatory resource can be provided.

A sales and operational planning process is available to ensure the supply chain is equipped to deal with future demand.

- Confidential outsourcing assessments
- Price negotiation
- Commercial and technical agreement preparation
- Technology transfer and validation
- Sales and operational planning
